TREAT YOURSELF A GUIDED TOUR FOR 2 HOURS IN ENGLISH

IN STORE MOSSE NATIONALPARK

2026

I LOOK FORWARD TO MEETING YOU.

BOG LANDSCAPE BLACK POND

This tour begins at the Östra Rockne parking lot and goes along a wide forest path and a wide path to the raised bog where the Black Pond is located. Wide to ensure access to the raised bog for wheelchair users, families with strollers and those coming on bicycles. It leads past smaller hills and the overgrown sand dunes of yesteryear.

When we arrive at the Black Pond, we put on our bog shoes to get to know the exciting bog environment around the pond under our feet.

We then enjoy coffee/tea/children's drink, cinnamon rolls and raspberry dimples in the silence of nature on the banks of the pond.

After the Swedish Fika we head back to the Östra Rockne parking lot where the tour ends.

We recommend waterproof hiking boots, a hat in the summer and something drinkable during the tour. At the edge of the forest blueberries can be picked up and be eaten in the summer.

BOG LANDSCAPE LITTLE LÖVÖ

This tour begins at the Kittlakull parking lot and goes directly over a railway bridge and then follows a narrow path through the former peat area to the raised bog.

When we arrive at the raised bog, we put on our bog shoes to get to know the exciting bog environment under our feet.

We then enjoy coffee/tea/children's drink, cinnamon rolls and raspberry dimples in the silence of nature on the high bog.

After the Swedish Fika we head back to the Kittlakull parking lot where the tour ends.

We recommend waterproof hiking boots, a hat in the summer and something drinkable during the tour. At the edge of the forest blueberries can be picked up and be eaten in the summer.

Bogshoes and swedish fika are included in the price for all tours.

BOG LANDSCAPE LÖVÖ *(included swedish fika)*

This tour starts and ends at the Lövö youth hostel, goes first over a hill and then past the bird tower.

At the forest oasis Blädöpet we put on our bog shoes to get to know this exciting bog environment under our feet.

We recommend waterproof hiking boots, a hat in the summer and something drinkable during the tour.

BOG LANDSCAPE SVÄNÖ *(included swedish fika)*

This tour starts and ends at the Svänö youth hostel, goes a little route on the gravelroad and turns then into the highbogarea where we put on our bog shoes to explore the exciting bog environment under our feet.

We recommend waterproof hiking boots, a hat in the summer and something drinkable during the tour.
